CERTIFICATIONS

- Full Stack Web Development

Aniket Kumar Baghel

Node JS Developer

PROFESSIONAL SUMMARY

Ambitious Node.js backend developer with a knack for crafting innovative solutions. Proficient in MongoDB, Express.js, and JavaScript. Proven ability in executing solo and collaborative projects. Eager to embrace new technologies and contribute to dynamic development environments, demonstrating adaptability and a commitment to excellence.

PROJECTS

1. CoinSquare | |

HTML | CSS | JavaScript | Node.js | Express.js | MongoDB

- Designed and developed the front-end user interface using HTML, CSS, and JavaScript.
- Implemented real-time price updates for each coin.
- Integrated user registration and authentication functionality.
- Implemented pagination, sorting, and filtering for the coin listings.
- Implemented secure buy and sell functionality in the purchase section.
- Handled exceptions, validations, and maintained the project's GitHub repository.

2. Travelo | |

HTML | CSS | JavaScript | Sass | Node.js

- Developed a dynamic travel website specializing in booking users for various adventure activities, including trekking, river rafting, and skydiving.
- Implemented user registration and login functionality for improved user experience.
- Utilized pagination for easy navigation and enhanced user experience.
- Integrated search functionality to allow users to find activities easily.
- Implemented dynamic time and date updates based on user preferences.
